Introducing the QFINANCE Library Series

Authoritative... Comprehensive... Concise
QFINANCE: The Ultimate Resource, 2nd edition

The only finance book of its kind

QFINANCE: The Ultimate Resource, 2nd edition is essential reading for anyone who demands informative, high-quality finance information. This reference book with over 2,000 pages includes:

• Over 280 best-practice and thought-leadership articles, covering intellectual property, corporate governance, shariah law, internal auditing and more.
• Checklists: 250+ practical guides and solutions.
• Finance Information Sources: 200+ pages spanning 65 finance areas.
• Country and Sector Profiles: in-depth analysis of 103 countries and 26 industries.
• Finance Library: over 130 summaries of the most popular finance titles.
• Finance Thinkers and Leaders: 50 biographies covering their work and life.
• Dictionary of over 9,000 finance and banking terms and over 2,000 business-relevant quotations.

Authors include leading financial experts including Frank Fabozzi, Sir Howard Davies, Ernst Ligteringen, Paul Wilmott, Graeme Leach, Roger Urwin and Sir John Stuttard.

"QFINANCE is the truly the most indispensable resource for both the budding finance professional and for those who consider themselves experts"

William D. Cohan, winner of the 2007 FT/Goldman Sachs Business Book of the Year Award
Islamic Finance: Instruments and Markets

Islamic Finance brings together a collection of best-practice chapters with insights on regulation and compliance. It covers the full spectrum encompassing Islamic finance instruments, the markets, checklists and country profiles.

- Provides a practical and in-depth analysis of the financial instruments within the shariah framework and how they are applied in various sectors including insurance, investment and capital markets.
- Over 15 practical step-by-step checklists look at business ethics in Islamic finance, the role of the shariah advisory board in Islamic finance and regulatory and capital issues under shariah law.
- Gives an overview of the main countries practising shariah law and looks at economy & trade, economic policy & performance, statistics for each country.

Written by internationally renowned Islamic finance academics and practitioners including John A. Sandwick, Amjid Ali, Roszaini Haniffa, M. Kabir Hassan, Andreas Jobst, Qudeer Latif, and Rodney Wilson.

An invaluable tool for anyone who wants to find out more about the growing Islamic Finance markets and the instruments that make up the Islamic financial system.

Global Islamic Finance

Financing and Raising Capital

This new book provides a comprehensive guide for practitioners needing to know about financing at the various stages of a company’s development.

- Includes angel finance, venture capital funding, both public and private equity, IPOs, raising capital from small and institutional investors, issuing debt and securitisation.
- Over 30 best-practice articles offer authoritative analysis and strategies for financing a company with relevant case studies.
- 25 step-by-step guides detail practical solutions to apply when facing the inevitable pitfalls of raising capital, as well as how to avoid them.

Written by leading experts including Lena Booth, Meziane Lasfer, Chris Skinner, Arne-G. Hostrup and Roger Lister.
Approaches to Enterprise Risk Management

This multi-author book, written by leading experts in risk management, provides best-practice solutions to operational, strategic and financial issues.

- Over 30 best-practice articles covering the range of financial, strategic and operational risks an organisation might face.
- Includes over 25 practical guides detailing the steps required to cope with a damaging event, create a risk register, apply stress-testing and hedge against risk.
- Discusses building potential catastrophe management into a strategic risk framework and looks at the core concepts, the pitfalls and how you can make it happen.

Authors include Aswath Damodaran, Ian Fraser, Jenny Rayner, John C. Groth, David Shimko, Frank Fabozzi, Terry Carroll and Ian Bremmer.

Effective Operations and Performance Management

This book provides best-practice solutions to improve all aspects of operational robustness and performance within an organisation.

- Offers a rich vein of thought leadership with 35 best-practice chapters that address measuring and managing operations.
- Provides a solid platform from which to develop strategies and build a business.
- Over 25 practical step-by-step checklists show you how to improve operational robustness and measure performance such as employee stock options and corporate responsibility.
- Discusses how internal auditing can help with company’s fraud issues and explains how you can use decision analysis to value R&D projects.

Written by practitioners and academics in their respective fields of expertise including Andrew Mayo, Subir Chowdhury, Leif Edvinsson and Leslie L. Kossoff.

The Law Relating to International Banking

Professor Andrew Haynes

The Law Relating to International Banking addresses the key legal issues involved in international banking and capital markets. Essential reading for lawyers, academics, postgraduate students, bankers, financial specialists and accountants, this up-to-date title clearly explains how to determine the forum and the jurisdiction which should apply to a transaction – as well as dealing with the legal issues relating to:

• term loans
• syndicated lending
• debt transfers
• bond issues
• securitisation
• derivatives
• standby letters of credit
• examining remedies
• exchange controls
• legal opinion & sovereign risk within these complex areas

No risk, free approval offer – this title is available on a 30 day free trial basis
